

ADIX-Trade Ltd.

www.adix.hu

...we work together!

ADIX-Trade Ltd. supplies its customers with the full range of technical and maintenance materials and equipment from fourteen locations in two countries, and provides a wide range of related support systems and services. Efficiency is our motto, and this is the approach we have been developing since our foundation in 1993, and it is the guiding principle on which we have been serving our partners for 30 years, becoming a leading player in our industry.

Our complex business is built on three main pillars, and by integrating them we contribute to improving our clients' own efficiency. With our portfolio of products and services, we are able to meet the needs of any industry, technical and maintenance requirements, and our wide territorial coverage ensures fast access to products and on-time availability. Because we know we are a key partner in our customers' competitive and successful operations. Together, we work!

INDUSTRIAL PRODUCTS

Our portfolio offers a range of products that meet only the most stringent industrial standards and requirements, from market-leading manufacturers and brands such as Continental, Schaeffler, Renold, Donghua or Can-Am industrial products, Loctite or Tereson chemicals, Paredes and VM protective suits, and KS TOOLS tools, among others. We guarantee production safety and occupational safety with the highest quality.

CARE SYSTEMS

In addition to industrial and occupational safety materials and tools, we also provide supply systems and interfaces such as the KANBAN system, C-PART management or our own ADIX-SMART system. These will help you to increase and optimise your own production and operational efficiency, while facilitating and simplifying our joint work.

SERVICES

From warehousing to inventory financing, from customized product manufacturing to engineering consulting, we provide all the tailor-made solutions you need to contribute to your production efficiency, optimize your costs and strengthen your competitiveness. We have a statistical and customer-specific inventory of 600 M Ft in our 1,500 m² high-bay warehouse.

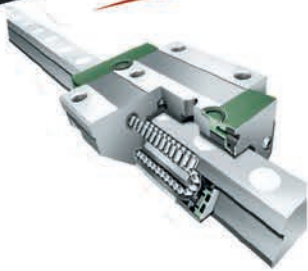

We served nearly 2000 customers and had contacts with 650 suppliers out of 25000 items. We have 50.000.- article numbers in our own system and have immediate access to our background database which we can keep up to date based on the information we receive from our suppliers.

We operate more than 30 franchised warehouses. We have four websites and two webshops for our customers:

We serve our key accounts through a separate B2B interface.

We have ISO 9001:2015 quality management and ISO 14001:2015 environmental management certificates.

SCHAEFFLER

BEARINGS, LINEAR TECHNOLOGY, DIAGNOSTICS

BEARINGS

- › Deep groove, angular contact and spherical ball bearings
- › Cylindrical roller bearing, roller bearing, conical roller and barrel shaped bearings
- › Axial deep groove and angular contact ball bearings
- › Combined ball, cylindrical and roller bearings
- › Thrust and guide roller
- › Self aligning, footstep, flanged and tensioner bearing units
- › Sliding bearings, bearing sleeves
- › Ball joint, ball joint heads
- › Bearing accessories (conical sleeves, nuts, safety valves)
- › Bearing elements (balls, rollers, rings, disks)

LINEAR TECHNOLOGY

- › Profile rail, ball and roller lines
- › Ball, bushing and sleeve lines
- › Driven liner units, actuators,
- › Smooth ways
- › Roller Bearings
- › Accessories

BEARING ASSEMBLY, LUBRICATION, DIAGNOSTICS AND SETTING TOOLS

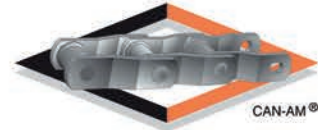

- › Mechanical and hydraulic bearing assembly tools
- › Inductive bearing heaters
- › Injectors and pumps
- › Automatic greases, grease pumps, grease feeders
- › Vibration diagnostic devices
- › Condition monitoring devices
- › Thermometers and tachometers
- › Equipment tools
- › Drive and shaft alignment devices (misalignment, equilibration, belt tension)

...we work together!

Continental®

Can-Am

DRIVE ELEMENTS

BELTING ELEMENTS

- › Classical wrapped and cut V-belts
- › Grouped V-belts
- › Micro V-ribbed belts
- › Variator belts
- › Flat belts, ball belts
- › Synchronous (toothed) belts
- › Special belts (antistatic, double sided, unique profile, locket belts)
- › V-belt pulleys one- and multi track version
- › Synchronous pulleys with leading edge our unique size
- › Conveyor belts, cover plates

CHAIN DRIVE ELEMENTS

- › Roller chains with one and multi track version, metrician and col sizes, normal and calibrated version
- › Grain chains, calibrated load chain
- › Conveyor chains › Retarding chains
- › Hollow pin chain › Welded chains
- › Agricultural chains › Maintenance free chains
- › Sprocket, chain tensioner, free-running, freewheel clutch, shaft coupling, clutch

CLUTCHES

- › Clutches
- › Brake systems
- › Torque limiters
- › Torque measuring systems
- › Fastener and clamping elements

LOCTITE
TEROSON
KS TOOLS

CHEMICAL AUXILIARY, TOOLS, ROLLERS AND CASTORS

CHEMICAL AUXILIARY

- › Instant adhesive, special adhesive
- › Threadlocking
- › Pipe and thread sealant, gasketing
- › Lubricants, anti-seize materials
- › Surface treatment and corrosion protection
- › Metal filled compounds
- › Cleaners
- › Surface preparation compounds

TOOLS

- › Spanners › CROVA sets
- › Hexagon with bit head wrenches
- › Screwdrivers, pliers and sets
- › Insulated tools and instruments
- › Car repair tools › Compressed air tools
- › Spark-free tools › Hammers/ chisels
- › Commissioning tools
- › General hand and construction tools

ROLLERS AND CASTORS

- › Rolling bearing castors › Plain bearing castors
- › Fix, rotary and/or braking design
- › Solid rubber, polyamide, metal or inflatable tread
- › Special castors: heavy duty, heat, acid and alkali resistant castors
- › Food industry castors
- › Healthcare application castors
- › Furniture and industrial rollers

...we work together!

SEALING ELEMENTS, FASTENING ELEMENTS CUTTING AND GRINDING ELEMENTS

SEALING ELEMENTS

- › Radial shaft seals (seals) with rubber, silicon, teflon
- › 'O' and 'X' rings, cords, 'G' rings
- › Corded seals with teflon, graphite
- › Sealing plates, boards
- › Axial seals, muff, scrapers
- › Metal sealing rings
- › Slip rings

FASTENING ELEMENTS

Threaded fasteners:

- › Screws: hex, Allen, sunk etc.
- › Nuts: steel, stainless steel, non ferrous metal crown self-closing and mother plates
- › Washers: flat, claw, sprung, conical
- › Wood screws, gypsum board screws, tapping screws
- › Wall plugs, dowels, threaded stems

Non threaded fasteners:

- › Steel and other material rivets, rivet nuts
- › Pop rivets
- › Shackles, expansion sleeves, pins, cotters
- › Seeger rings

Elements of non soluble bonds:

- › Welding electrodes, wands, solder materials

CUTTING AND GRINDING ELEMENTS

- › Cutting and cleaning disc for steel, non ferrous metal, stone
- › Lamellar, elastic abrasive discs, disks
- › Wire disks, thread abrasive, brushes
- › Abrasive clothes and papers
- › Grindstones (traditional, pot, tap, profile)
- › Rail cutter disks

PAREDES
SEGURIDAD

WORK AND CLOTHING PROTECTIVE EQUIPMENT, SAFETY FOOTWEAR

SAFETY AND WORK SHOES

- › Safety footwear:
low shoes, ankle shoes, boots, sandals,
- › Safety footwear with a protective toe cap
- › Heat-resistant footwear soles to 300 °C (HRO)
- › Welding footwear

WORKING DRESSES AND UNIFORM

- › FormClothing: shirts, trousers, jackets, ties
- › Sweaters, vests
- › Workwear
- › T-Shirts
- › Trousers, Underwear
- › Jackets(winter, summer, temporary)
- › Rainwear
- › Flame, heat, acid-resistant clothing
- › Hotel- and restaurant clothing (Horeca)

PROTECTIVE EQUIPMENT

- › HeadProtection
- › Eye Protection
- › Respiratory Protection
- › Hearing Protection
- › Face Protection
- › Fall Protection
- › Welding Protection
- › First aid equipment
- › Guard rail
